EXCHANGE AND STUDY ABROAD
2019–2020
#1 in Australia

#32 in the world
EXCHANGE AND STUDY ABROAD AT MELBOURNE

Studying overseas is a once-in-a-lifetime opportunity to challenge yourself, meet new friends and explore new places. The University of Melbourne is the perfect setting for your overseas experience. With a rich academic and social community set on an outstanding campus, it’s a great base to explore the cosmopolitan city of Melbourne and the unique wonders of Australia.

YOUR HOME AWAY FROM HOME

Live like a local in a residential college or student apartment close to campus with the Melbourne Accommodation Program.

LEARN FROM THE BEST

Our teachers are renowned researchers and industry leaders who are internationally recognised for their achievements, including business, government and community leaders, Nobel Laureates and Rhodes Scholars.

GLOBAL CURRICULUM

You’ll have access to a truly innovative curriculum that lets you explore current global issues and choose from a huge range of major study areas.

BROADEN YOUR HORIZONS

Gain a new circle of friends and a deeper understanding of the Australian way of life.

A DIFFERENT ACADEMIC YEAR

In Australia our semesters are February to June (Semester 1) and July to December (Semester 2).
YOUR CITY

Melbourne has become one of the world’s most multicultural cities and a dynamic international business hub, but it’s still easy to navigate. The inner city is a cluster of exciting communities connected by public transport and bike paths – and the University of Melbourne is at the heart of it all. You can spend time in the famous cobblestone lanes, or at world-class theatre productions – and if you don’t yet have an AFL team, you might want to choose one!

Regional Victoria is world famous for its iconic beaches, wineries, bushwalking and farm-to-table food and is just a short train or bus ride away.
More cafes and restaurants per number of people than any other city in the world

World's Most Liveable City 2011–2017

Easy to navigate and get around

Safe, friendly and multicultural

World-class shopping

Mild and temperate climate
Summer average: 27°C/81°F
Winter average: 13°C/55°F

State capital of Victoria

Museums, galleries and theatres at your doorstep

Sporting capital of the world

The Economist Intelligence Unit

The University of Melbourne has been a central part of the city of Melbourne from its earliest days. It’s hard to say where the central business district stops, and the University begins! When you come to Melbourne, you’ll join a vibrant medical precinct, a world-famous artistic community, a thriving startup network, and urban and rural researchers who’ll be feeding the world into the future. We have two campuses in the city – Parkville and Southbank – and five other specialist campuses in Victoria. Which Melbourne will be yours?

PARKVILLE

Our Parkville campus is a city within a city – it even has its own postcode. With cafes, 12 libraries, gyms, specialty stores, a small supermarket – even a seasonal farmers market – spread across a mix of historic sandstone buildings and state-of-the-art facilities, you’ll never have to leave. The Parkville campus is situated within a renowned knowledge precinct, which includes eight hospitals, many leading research institutes and a wide range of knowledge-based industries.

SOUTHBANK

At Southbank campus, among the city’s lively creative arts precinct – which itself is in the centre of Australia’s cultural capital – you’ll find the University’s acclaimed music and visual and performing arts faculty. Southbank campus is purpose-built for the creative arts, and features sound and dance stages, animation studios, cinemas and visual arts studios. It sits alongside the National Gallery of Victoria, Melbourne Theatre Company, Melbourne Recital Centre, the Australian Ballet, Chunky Move dance company, the Arts Centre and the Australian Centre for Contemporary Art.
YOUR HOME AWAY FROM HOME

The University of Melbourne offers exchange and study abroad students a range of accommodation options to suit different personalities, budgets and lifestyles. This includes on and off-campus accommodation.

ADVICE AND SUPPORT
A detailed guide is available on our website and we have a full-time staff member assisting incoming exchange and study abroad students.

[link]

The University also has a fantastic online noticeboard which allows University of Melbourne students (or soon to be students) to search for share housing.

MELBOURNE ACCOMMODATION PROGRAM
Quality purpose-built student accommodation is available to you as an exchange and study abroad student via the Melbourne Accommodation Program. You can choose from properties owned or approved by the University in a range of locations. A variety of different room and apartment types at a range of price points are available close to campus.

These properties are specifically designed for students to support your transition to university life. Student engagement activities, including cultural events, and 24-hour access to support provide a sense of community and security.

The accommodation comes fully furnished. You typically share some facilities such as pools, gyms and common rooms, and have plenty of opportunities to meet other students.

To discover more about the Melbourne Accommodation Program, the application process and terms and conditions, visit:

[link]

RESIDENTIAL COLLEGES
There are 11 colleges for undergraduate and graduate students on and around the Parkville campus. Each one is different, but they all share a strong sense of belonging. At the core of the colleges are residential tutors and senior students who live among newer students. They are there to support you, offer advice and act as mentors. Colleges all offer comprehensive tutorial programs that provide supplementary learning for your subjects and a variety of sporting, cultural and social opportunities. Most offer a single furnished room, with common recreation rooms and bathrooms. Meals are provided.

[link]

SHARE HOUSING AND PRIVATE RENTALS
Private rental properties can be leased from a landlord or real estate agent. You can rent alone or with friends, or move into an already established share house.

HOMESTAY
Homestay means you live with a family, a couple or single person in their own home. Each situation is different and can include part board (room only), full board (room plus meals) or board in exchange for household duties.

[link]
YOUR STUDIES

The University of Melbourne’s exchange and study abroad program is flexible, allowing you to choose undergraduate and graduate subjects from most degrees across our schools and faculties.

YOUR SUBJECTS

You will take three or four subjects to equal a total credit load of 37.5 to 50 points (each subject is usually worth 12.5 credit points). As long as you meet the prerequisite requirements, you can combine these from any area. For example, you could take two subjects in science, one in business and one in arts. Of all the subjects listed in the University Handbook, there are only a few specialist areas that are not open to exchange and study abroad students. These include medicine, dentistry, health sciences, veterinary science and film and television. Some biomedicine and law subjects are also restricted. Refer to our website for details on availability:

https://study.unimelb.edu.au/how-to-apply/exchange-and-study-abroad/program-options/research-program/faculty-specific-requirements-and-restrictions

For each subject, you usually attend a combination of large lectures and small group tutorials or laboratory classes. Contact hours vary depending on the subjects you choose, but are usually between 12–18 hours per week in total.

While you may have fewer contact hours than in your home institution, the demands placed on you to learn independently outside the classroom makes the workload equivalent to that which most students experience at home.

AVAILABLE STUDY AREAS

Agriculture, land and food
- Agriculture
- Agricultural economics and agribusiness
- Animal science and management
- Biotechnology
- Food science
- Forest ecosystem science
- Genetics and breeding
- Geography
- Landscape management

Natural resource management
- Plant sciences
- Soil science
- Urban horticulture
- Viticulture and wine technology

Architecture, design and the built environment
- Architectural history
- Architecture design
- Landscape architecture
- Property and construction
- Real estate
- Urban design
- Urban planning and development

Australian studies
- Architecture
- Arts and culture
- Business and economics
- Environments and sustainability
- History
- Indigenous education and culture
- Landscape
- Literature
- Media
- Politics
- Wildlife

Business and economics
- Accounting
- Actuarial studies
- Commerce
- Economics
- Finance
- International business
- Management
- Marketing

Computer science and information technology
- Computer science
- Geomatics
- Informatics
- Information systems
- Software engineering
- Spatial systems
- Telecommunications engineering

Education
- Adult education
- Creativity and learning communities
- Creativity, young people and learning
- Deafness and communication
- Early childhood education
- Elementary education
- Professional practice and school observation
- Secondary education
- Sports coaching: theory and practice
- Understanding knowledge
- Youth, citizenship and identity

Engineering
- Biomedical
- Chemical and biomolecular
- Civil
- Computer science and software
- Electrical and electronic (including telecommunications)
- Engineering management
- Environmental
- Geomatics
- Mechanical and manufacturing
- Mechatronics
- Mining

Environmental studies
- Conservation and ecology
- Development technologies
- Ecology
- Energy studies
- Environmental law
- Environmental policy
- Environmental science
- Environmental studies
- Forest ecosystem science
- Surveying
- Water resources management

Humanities and social sciences
- American studies
- Ancient world studies
- Anthropology
- Archaeology
- Arabic studies
ASSESSMENT AND GRADING

Assessment may consist of essays, class or group exercises, case studies, projects, reports, class presentations, or exams. One subject may only require two or three pieces of assessment. In some areas, up to 80 per cent of the assessment may be based on an exam at the end of the semester. Further information on how each subject is assessed can be found in the University Handbook:

handbook.unimelb.edu.au

Official transcripts of your semester’s results are automatically sent to your home institution for credit towards your home degree, unless specifically requested otherwise. A Statement of Results can be accessed free of charge at any time during your studies on our student website. How your marks are translated is the responsibility of your home institution. Check with your home institution regarding its policy.

Below is a suggested translation scale for the conversion of University of Melbourne marks into Canadian, US or European grades (translation of results in other countries varies from one institution to another).

<table>

- Single subject only
- Audition required for some ensembles
- Audition required.
Incorporate a unique study experience that enhances your academic understanding and provides a deep insight into Australian culture.

**BROADEN YOUR HORIZONS**

Our students are encouraged to choose interdisciplinary subjects from outside their core study area. At Melbourne, we call this breadth. Here are just some of the subjects you could choose from.

**Beer Styles and Sensory Analysis**
The subject will introduce you to the economic, technological, historical and social aspects that have led to the development of distinctive styles of beer. You will also gain an understanding of the health impacts of alcohol and its responsible service. Subject code: FOOD10001

**Critical Thinking with Data**
This subject teaches you to become a critical user of databased evidence. Learn to identify the strengths and weaknesses of arguments and reports based on quantitative evidence. Subject code: UNIB10006

**Disability, Diversity and Inclusion**
Drawing on both the lived experience of people with disability and faculty members from a variety of disciplines, this subject explores the place of people with disability in our community. Subject code: UNIB30012

**Drugs that Shape Society**
This subject highlights the compelling story of drugs and provides insights into the ways in which drugs impact our lives, including our laws, the health system, commerce and even foreign policy. Subject code: UNIB20008

**Free Speech and Media Law**
Our current laws regarding free speech and media have grown up in an era of mainstream media institutions. Now everyone with access to the internet can record, report and comment on events. How can we regulate of free speech and media without unduly constraining public debate? Subject code: BLAW10002

**Global Health, Security and Sustainability**
This subject explores the root causes of disease, poverty, injustice and inequity that exist in the world today. Subject code: UNIB30002

**Going Places – Traveling Smarter**
This subject helps you to observe and interpret new environments, identify positive educational, professional and personal opportunities, and report and record reflections and experiences before, during and after travelling. Subject code: UNIB20018

**Introduction to Climate Change**
An introduction to the major topics in climate change, including the scientific basis of the greenhouse effect, the history of Earth’s climate, energy options, economics and public policy, the effect of climate change on food, water and health, and the national and international legal frameworks for climate change management. Subject code: UNIB10007

**Journalism Today**
Gain an understanding of key journalistic principles of newsworthiness, identifying stories, investigation and verification, and news writing. Subject code: UNIB30011

**Making Movies 1**
Get an introduction to the roles of the film director, writer and producer and learn about professional film production techniques. Subject code: FLTV10010

**Our Planet, Our Health**
This interdisciplinary subject will introduce you to the One Health concept, an emerging area of interest in the health professions that considers the interconnectedness of human, animal and environmental health. Subject code: UNIB10017

**Sport, Education and the Media**
Focused on sports education, community sport, and the important role the media plays in sport, this subject examines the place and significance of sport in Australia as a form of social education. Subject code: EDUC20068

**Street Art**
From illegally spray-painted stencils to secret exhibitions in abandoned warehouses to exclusive multi-million-dollar art fairs, this subject explores the rise of street art in the contemporary city. Students develop skills in identifying, mapping and designing street art in Melbourne laneways. Subject code: CCDP20001

**Wellbeing, Motivation and Performance**
A subject offering teachable skills and pathways for cultivating wellbeing, exploring a variety of disciplines including psychology, social science, education, philosophy, sports science, sociology, and organisational science to support learning. Subject code: EDUC10057
RESEARCH PROJECTS
Take on a research project and you could collaborate with world-class academic experts. This experience is particularly suited to students planning to move into a higher degree by research, or seeking a career in research industries.

Research projects require pre-approval and can be requested using these subject codes:

- Science (botany, chemistry, earth sciences, vision science and zoology): SCIE30001
- Biomedical science (anatomy and cell biology, microbiology and immunology, biochemistry and molecular, pathology, pharmacology and physiology): BIOM30003
- Environment: ENST30002

LEARN ABOUT AUSTRALIA
The University offers a range of subjects with an ‘Aussie’ focus. They’re a great way to experience our local culture, flora, wildlife or the environment first hand:

- Australian Art
- Australian Environmental Philosophy
- Australian Film and Television
- Australian Foreign Policy
- Australian Indigenous Politics
- Australian Wildlife Biology
- Biology of Australian Flora and Fauna
- Cities and Change in Australian Politics
- Coastal Landforms and Processes
- Flora of Victoria
- Fire in the Australian Landscape
- Racial Literacy: Indigeneity and Whiteness
- Sport and Education in Australia
- Practical Archaeology
- Understanding Australian Media
- Writing Australia
- Writing About Music: Australian Issues.
To apply for exchange or study abroad at Melbourne, you’ll first need to identify the subjects you wish to study.

**UNIVERSITY HANDBOOK**

You can search all University of Melbourne subjects in the University’s online Handbook: [handbook.unimelb.edu.au](http://handbook.unimelb.edu.au)

To find University breadth subjects, type ‘UNIB’ into the search bar on the Handbook homepage.

If you’re not sure what faculty or graduate school your study area fits into, look them up here: [unimelb.edu.au/az/faculties.html](http://unimelb.edu.au/az/faculties.html)

**SUBJECT YEAR LEVELS**

The first number listed in the subject code indicates the year of the subject:

- Numbers 1–3 indicate the subject is a first, second or third-year subject in a Melbourne undergraduate degree
- Numbers 5–9 indicate a graduate-level subject (not in any particular order)
- Number 4 usually indicates the subject is part of an honours degree (these subjects are not usually open to visiting students).

For example, HORT20012 is a second-year undergraduate subject and BTCH90005 is a graduate-level subject.

View our complete guide about subjects and faculties at Melbourne online: [study.unimelb.edu.au/how-to-apply/exchange-and-study-abroad/program-options/selecting-subjects](http://study.unimelb.edu.au/how-to-apply/exchange-and-study-abroad/program-options/selecting-subjects)

</table>
TRANSITION AND SUPPORT

Even though your stay with us may be short, the range of support services we offer will help you adjust to life in Australia and provide you with ongoing assistance when you need it.

ORIENTATION AND ENROLMENT
The Orientation and Enrolment program marks the beginning of the University of Melbourne semester. This is the period where you finalise your chosen subjects, become acquainted with the campus and facilities and, most importantly, meet other students. You can attend workshops and lectures covering topics such as cultural differences, adjusting to a new academic culture and how to explore Australia on a budget.

OTHER SERVICES
Whatever help you need, you’re bound to find it on campus. As well as the above services, we also offer our students the following support:

- Academic skills
- Advocacy service
- Careers and employment service
- Chaplaincy
- Counselling
- Disability support
- Financial aid and advice
- Health service
- Housing support
- Security service
- Sporting clubs and facilities
- Student Union.

MUSEX
The Melbourne University Student Exchange Club (MUSEX) is one of the largest and most successful student clubs on campus. Run by students, for students, MUSEX provides you with easy access to ‘locals’ and the opportunity to join a range of activities including surf trips, sports matches, dinners and nights out on the town.

YOU WON’T REGRET IT!
Jeanne Delgado came to Melbourne from Emory University in the United States. “The benefits you get from studying abroad make you forget every hesitation,” she says. “I chose to go to Australia because I didn’t think I would experience much culture shock, but Australia actually has a distinct and unique culture compared to America. One of my new Australian friends took me and two other exchange students to the Great Ocean Road - Australian hospitality at its finest! My favourite hangout is Brunswick Street, home to alternative clothing stores and heaps of small music venues.”
How much will it cost?

You should consider the following expenses when planning to study overseas:

- Tuition fees
- Living costs
- Visa application fee
- Overseas Student Health Cover (OSHC) — a requirement of the Australian Government
- Personal spending, including travel to and around Australia.

**Tuition Fees**

**Exchange students**

There are no tuition fees payable to the University of Melbourne for students on exchange. The cost of participating in the exchange program is covered by the agreement between your home institution and the University of Melbourne.

**Study abroad students**

Tuition fees for 2019 are shown in the table below. Study abroad students pay a set fee per semester, which allows you to enrol in three or four subjects. Fees are charged at the published rate for that semester and are charged for each semester you are enrolled. If you enrol in three or more graduate subjects you will be enrolled as a graduate student and charged the graduate study abroad fee.

1 Fees are shown in Australian dollars. All fees are correct at the time of printing. These figures are based on current fees and are subject to change. Make sure you read the University’s policy relating to the payment of tuition fees before completing your administrative enrolment. Final details will be included with your offer letter.
### Housing and Living Costs

Melbourne offers many lifestyle options to fit many budgets, so it's best to have a plan as to which option will suit you. You might choose to live in the inner suburbs, and walk or cycle to uni. Some students choose to save on rental costs by living further out, in which case they need to think about public transport costs or a car. Substantial savings can be had by sharing accommodation, shopping at Melbourne's famous markets, using our libraries and the student-owned co-ops, and attending free events on campus.

1 Information outlines the estimated cost of living for a student at the Parkville or Southbank campus of the University of Melbourne, according to the type of accommodation chosen. Tuition fees are not included in estimates. Costs indicated here should be used as a guide only.

2 Costs indicated here should be used as a guide only.
ADMISSIONS

ACADEMIC ELIGIBILITY

1. You must have completed two semesters of full-time study (equivalent to an Australian bachelor degree) outside Australia at the time of entry to the University of Melbourne.

2. You must achieve the minimum in one of the following grading systems or an equivalent:
   - **Brazil**: 7.0 grade point or higher
   - **Canada**: 3.0 grade point average or higher
   - **China**: An average of 75 or 4 (liang-hao ‘DD’) or higher
   - **Chile**: 5.0 average or 66% or higher
   - **Europe**: ‘C’ average in the European Credit Transfer System (ECTS) or higher
   - **Japan**: 70% average or ‘C’ or higher
   - **Mexico**: 80% average or higher
   - **South Africa**: 60% average or higher
   - **United States**: 3.0 grade point average or higher
   - **United Kingdom**: 60% average or higher

Some subjects also have prerequisites. Make sure you check with an academic advisor at your home university about approving subjects to make sure you will receive credit for subjects taken while in Melbourne.

Things to remember:
- Check with an academic advisor at your home university about approving subjects to make sure you will receive credit for subjects taken while in Melbourne.
- Review the section on faculty-specific requirements or subject prerequisites in the Handbook before listing the subjects on your application form.
- Make sure you understand all associated fees and are aware of any relevant deadlines.

ENGLISH LANGUAGE REQUIREMENTS

You must also satisfy the University’s English language requirements. If you are studying at a university where English is not the language of instruction, you must provide evidence that you have met the University’s English language requirements (including original IELTS, TOEFL, Pearson or Cambridge test results if applicable). English language requirements may vary for undergraduate and graduate students, and special arrangements exist for exchange and study abroad students from some countries.

HOW TO APPLY

Apply online

Exchange and study abroad applications are made online. You are encouraged to discuss your exchange or study abroad plans with an advisor at your home institution before applying. Australian or New Zealand citizens may apply for exchange or study abroad if you meet our admission requirements.

Our study abroad overseas representatives can also assist you in the application process. View a full list of overseas representatives at:

study.unimelb.edu.au/how-to-apply/find-an-overseas-representative

APPLICATION DEADLINES

<table>
<thead>
<tr>
<th>Exchange</th>
<th>Semester 1 (February–July):</th>
<th>1 November of the previous year</th>
</tr>
</thead>
<tbody>
<tr>
<td></td>
<td>Semester 2 (July–December):</td>
<td>1 April</td>
</tr>
</tbody>
</table>

| Study abroad                  | Semester 1 (February–July):   | 1 December of the previous year |
|-------------------------------| Semester 2 (July–December):   | 1 May                           |

What type of student are you?
1. Determine if you are an exchange or study abroad:

   study.unimelb.edu.au/how-to-apply/exchange-and-study-abroad/program-options

2. Talk to your home institution
   Make sure you consult with your home university regarding its application requirements, deadlines and costs.

Choose your subjects
The Handbook is Melbourne’s searchable database of all courses and subjects. Although you will only enrol in three or four subjects at Melbourne, you’ll need to select six in order to complete your application. See pages 8–12 for details.

Things to remember:
- Check with an academic advisor at your home university about approving subjects to make sure you will receive credit for subjects taken while in Melbourne.
- Review the section on faculty-specific requirements or subject prerequisites in the Handbook before listing the subjects on your application form.
- Make sure you understand all associated fees and are aware of any relevant deadlines.

Apply online
It will take about 30 minutes to complete your application online. First, obtain your Student ID number by registering online. Save this number and then continue through the online application until you complete the admissions process.

4. Make sure you download and follow the instructions available on our website, and use our online checklist to make sure you have all the documentation you need to submit your application. Study abroad students can also apply through one of our overseas representatives.

study.unimelb.edu.au/how-to-apply/exchange-and-study-abroad/applications

Next steps
Once you’ve submitted your application, you can begin researching housing options, things to do in Melbourne, and meet other students through our social media and blogs.

Once you receive an offer of a place, you will need to accept your offer and pay the relevant fees, before receiving the immigration documents necessary to apply for your visa.

Exchange students
Please check with your home institution for its deadlines and procedures for applying for an exchange place.

Make sure you check the partner list on the Melbourne Global Mobility website for the most current information, including restrictions and inclusions that may apply for exchange students at some institutions.

Study abroad students
Study abroad students can apply to come to the University of Melbourne from any institution and no exchange agreement is needed.

</tbody>
</table>

Some subjects may be offered outside the above teaching periods. If this is the case, details of the teaching dates can be found in the University Handbook: [handbook.unimelb.edu.au](http://handbook.unimelb.edu.au)

You should plan to be in Melbourne until the end of the examination period. If you are unable to see the dates for your planned semester abroad you can view the academic calendar for future years at: [unimelb.edu.au/dates](http://unimelb.edu.au/dates)

⚠️ Provisional dates for 2020. Confirmed dates will be provided in your offer letter from the University.
If you’re considering studies at the University of Melbourne, we’d love to hear from you.
